Message

Founder Chairman

Sh. Sadanand Ji Maharaj
Founder Chairman, PPIMT

The progress of a society depends on the progress of its students. They lend to its strength, stability, dignity, love and knowledge.

PPIMT is a pioneer Institute in the field of Education & Technology. We at PPIMT strongly believe in holistic development of the student and not just academic excellence. It is our aim to inculcate a positive attitude towards studies and life.

A decent education is passport to a good, comfortable and prestigious life. It should enable youngsters to make contribution for the society through knowledge, skills and character.

We, at PPIMT are committed & devoted to the cause of student's education- creating practical avenues for them to pursue their creative interests, to help them to attain financial independence which is the need of the day. The philosophy of life is that "a leaf which falls from the tree stays at the mercy of winds. It goes where ever wind takes it". But, we want our students to be the wind to drive others not leaf to be driven by others.

Message

Education to all is our dream-a dream long cherished by an education center combining the virtues of art and culture. Operating on this philosophy, we at Prannath Parnami Institute of Technology & Management is committed to inculcating strong ethical values of integrity, respect and discipline, decision-making ability, as a life-long process in our students.

In order to equip our learners with the skills required to deal with the uncertainties of tomorrow, we not only inculcate in them the time-tested values and ethos within a happy and creatively charged environment, but also successfully integrate modern technology in their learning process. We also dedicate ourselves in building up of values in students such as perseverance, integrity and discipline combined with freedom. Our environment of love and careful guidance helps students to develop their personality and to become law abiding citizens.

I welcome you to be a part of Prannath Parnami Institute of Technology & Management to get the degree of your choice and add value to your life.

With best wishes and blessing for the upcoming session.

SURESH GARG

Director General

Message

In the new knowledge age, intellectual competitiveness is essential for achieving the status of a leader. For this, quality education, more so with a lot practical orientation is of paramount importance. Engineering education involves a lot of conceptual approach along with clear fundamentals & coupled with a good practical understanding to deal with real world problems effectively and efficiently.

Since its inception, the institute has not only grown up in its infrastructure but has also developed a lot in terms of academics and laboratories. A well-balanced curriculum, taught by qualified, skilled, and experienced faculty develops the required skills in students necessary to meet tomorrow's applications. We are in a continuous process of making our laboratories well equipped to meet the demands of the rapidly changing related engineering fields. We look forward to welcoming you to this academic community here at PPIMT, Hisar. Best wishes to our students. It's my personal belief that if good quality education is imparted to the students, it is assured that they will get great success in their lives and will be placed in the top firms of the world. To facilitate this, Prannath Parnami Institute of Technology & Management has been established with quality infrastructure and highly renowned faculty. The highly motivated youngsters on the campus are a constant source of pride.
